

## RE SOLE 120

A new interpretation of the medallion chair, inspired by the French culture of the seventeen century.

A complete collection: nothing is missing in order to satisfy any needs. You can choose from different versions, in wider or smaller dimensions, chairs, armchairs, lounges, sofas and barstools.

The oval back, with its flexibility, due to its special steel connection with the seat, gives great comfort.

The Re Sole is a collection of seating that includes a side chair and armchair that are optionally wider, and that are strong enough for contract use. Designed by Fabrizio Gallinaro, Re Sole makes an elegant addition to any dining area.

Dimensions	Overall Height	Overall Depth	Seat Depth	Overall Width	Seat Height	Arm Height	Stacks
