

MAC'S DINING TABLE

A table system with unlimited possibilities.

The key of its success is the innovative material medium soft-touch used for the base element. With the same element is possible to create innumerable combinations. In this way, there is no limit to the table length.

The single element is available in 12 different colours allowing you to create many combinations. Everyone can decide how his table will look like: monochromatic or coloured like a rainbow.

A steel junction component joints together all the base elements. The table system is available also on bespoke dimensions with quotation and lead time on demand.

Standard Dimensions:

216.11 Ø110 x H 74
216.13 Ø130 x H 74
216.15 Ø150 x H 74

217.18 95x180 x H 74
