

## MOVE 617 SOFT/WOOD

The heavy furniture for the living are not cool anymore.

The design estimators are looking for lighter furniture. The sideboard "Move" designed by Mac Stopa gains the attention in every location, offers wide room for placing things maintaining an incredible lightness. The structure in American walnut or oak veneered MDF is available also in matt black or white lacquer. The shelves and the doors are the Move's distinctive trait. The front surface of Move is available both in MDF with the three-dimensional effect, American walnut or oak veneered, and in the innovative material soft touch with the 3D texture.
