

# SOHO CABINET

DESIGNED + MADE IN NEW ZEALAND

SOHO

The Soho cabinet is a labour of love exhibiting the finer details worthy of recognition, designed and made in New Zealand.

It features a kidney shaped design with a half-round reeding body surround stained Black on a plinth and a 12mm thick ultra-compact surface top from Dekton Radium finished in Smooth Matte.

The top represents a rusty, acid-degraded steel plate and offers an aesthetic, that perfectly combines the warm expression of orange and brown tones with the cool character of bluish and greenish tints. It is made from 80% recycled material for sustainable production. Dekton Radium is tough, highly scratch resistant and durable with zero porosity.

## FINISHES

-  **STRUCTURE**  
Reeded MDF surround
-  **TOP**  
Dekton Radium
-  **TOP**  
Lacquer
