

PHOENIX DINING TABLE

DESIGNED + MADE IN NEW ZEALAND

PHOENIX

The Phoenix is a construct hexagonal prism-packed oval dining table, we have applied an aged metallic finish to mimic the raw material of steel.

The hexagon tiling creates a partition with equal sized cells cementing this as a globally recognised piece of art. The mixing of modern machinery and hand crafting has equal parts in this luxurious item.

The Phoenix top is in MDF lacquered satin Black with a 30% gloss and aged Graphite finish. The Base is reeded in MDF lacquered satin Black.

The Phoenix can also be made into an extension table
