

THE KAI DINING TABLE

DESIGNED + MADE IN NEW ZEALAND

KAI

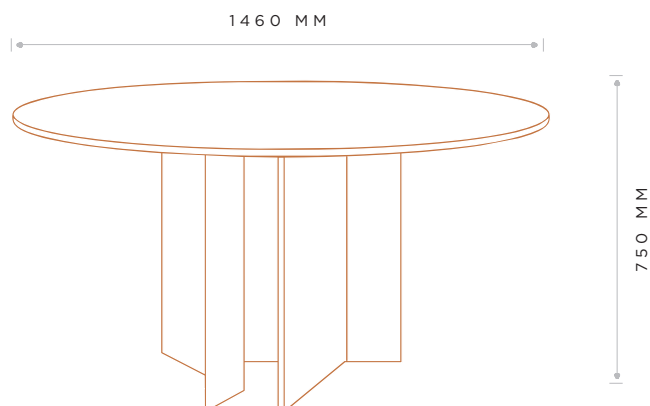

A statement in form and craftsmanship, this dining table pairs a refined veneer top with a timber base, creating a balance of strength and elegance.

The sectional tabletop design adds a subtle architectural detail, drawing the eye while showcasing the natural grain and tonal variation of the timber. Each segment is thoughtfully composed to create depth, movement, and a sense of quiet luxury.

Anchored by a sculptural solid base, the piece feels grounded yet contemporary — designed to hold space, gather people, and elevate the everyday.

Timeless in material, modern in form, this is a table made to be lived around.
