

PALOMA BARSTOOL

DESIGNED + MADE IN NEW ZEALAND

PALOMA

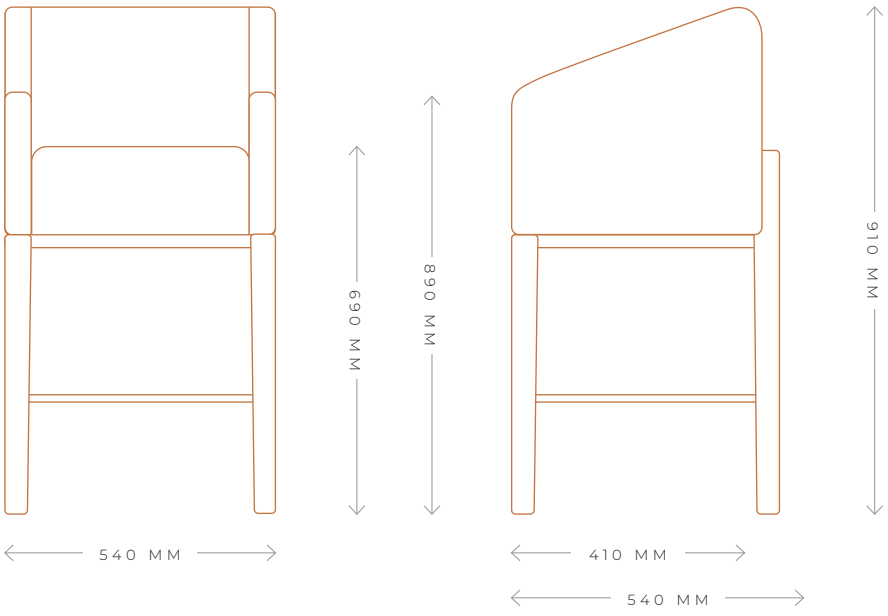

A considered balance of sculptural timber and tailored upholstery.

Designed and made in New Zealand, this fully upholstered chair brings together the warmth of natural materials and the refinement of considered craftsmanship. A beautifully contoured timber back detail frames the upholstered form, creating a distinctive silhouette with a subtle architectural presence.

The enveloping upholstered seat and arms offer a sense of softness and comfort, while the solid timber frame introduces structure, warmth and enduring character. Every detail is thoughtfully resolved, creating a piece that feels equally at home in a refined residential interior or considered hospitality setting.

An expression of understated luxury, crafted to be lived with.
